ROCK BOTTOM GROCERY IN STEFFIN BUILDING

The opening of their sixty-sixth store and adding one more link to their long chain of groceries, the Federal Grocery Company, with their distributing center at 732 Terminal street, Los Angeles, opened for business in Torrance Monday morning with a complete and up-to-date stock of groceries. H. L. Fort is the new manager and enters the business field of the Industrial City highly recommended as a groceryman. The store is most attractively arranged and the goods are put up in such a manner that they can be easily handled, a great saving of time being due to the fact that cases and packages are unpacked in Los Angeles and are repacked in salable packages of all weights and are marked. Assistant manager Regan of Los Angeles takes a great deal of pride in showing customers over their large plant, there being six stories and a basement, all packed with fresh grocery stocks, cured meats, bakery goods, coffee roasters and everything in the way of machinery that makes it possible to supply 66 stores with all their needs with dispatch. On one floor of their distributing center, nothing is found but case goods, and the floor above is equipped with the bakery paraphernalia that has an output of 6000 loaves of bread every day. Above this comes the pastry department which like the bakery department has an enormous output daily none of which is touched by human hands, thus assuring these products being turned out to consumers under the most sanitary conditions.

Nearly all the products are distributed from cases that are broken in the main office and in this way assurance is given that stocks are never over six weeks old. This advertisement of the Rock Bottom Grocery, Number 66 appears in this issue.

THAT TREACHEROUS CHAIR THAT EASY CHAIR

By Adelaide Kennerly
Tired one! Weary one!
Seeker of ease!
If you would win
In the battles of life
And reach a place
In the world of men—
Steer clear of the arms
Of the easy chair.
It beckons and coaxes
And rocks to and fro—
It whispers of comfort
And hums of rest.
Its cushions are soft—
Made of treacherous down
From the great white geese
Of the witches' domain.
Ah! That easy chair
Is a subtle affair—
So calm
So sweet
As it rocks and sways—
Staking its claim
On the best of life
Like that dreadful
"Old Man of the Sea."
It allures and retards—
Destroys the spark
Which spurs us on
To better things.
Take care! Beware!
Of the enticing charms
Of that calm but destructive
Easy Chair.

AIN'T IT THE TRUTH

It may be a mansion—
It may be a dump,
It may be a farm—
With an old oaken pump;
It may be a palace—
It may be a flat,
It may be the room
Where you hang up your hat.
It may be a house
With a hole in the floor—
Or marble hotel
With a coon at the door;
It may be exclusive,
Or simple, or swell,
A wee bit of heaven
Or one little—well,
Just kindly remember
Wherever you roam,
That Shakespeare was right, 111
There's
No
Place
Like
Home!—Exchange.
That is just exactly why Modern
Woodmen of America was born and
just why it lives. It believes in
the home first, last and all the
time.

SEND XMAS PACKAGES EARLY

Urgent requests are being made to all those who are contemplating sending Christmas packages, to get them in the mail as soon as possible in order to insure delivery. If every one waits until the last minute you will cause a congestion in postoffices that cannot be overcome. In former years it has proven a physical impossibility to get packages through on time when they were mailed three or four days before Christmas.
